Visiting a Gallery

A visit to our dedicated art exhibition space, Gallery One, can engage and inspire pupils to create their own work.

Alternatively, the visit focus may be to observe how artists have displayed their work - and to use the ideas to set up a school gallery exhibition, celebrating the pupils' inventiveness and creativity.

Self-led visits to the Gallery are free of charge; the Learning Programmes Officer will do an introduction to the Gallery exhibition on request.

*From time to time, Gallery One artists may offer special 'meet the artist' sessions, or even a workshop. Keep an eye on the Calendar page for details.

For more information, please contact the Learning Programmes Officer on 01453 763394.
